

This map illustrates the extensive railway network of the Mazovian Voivodeship, centered around Warsaw. Key features include:

- Major Lines:** Lines radiating from Warsaw to major cities like Łódź, Poznań, Toruń, Białystok, and Lublin.
- Stations:** Numerous stations are marked, including major hubs like Warszawa Główna, Warszawa Zachodnia, and Warszawa Wschodnia.
- Geographical Features:** The Vistula River (Wisła) is shown flowing through the region.
- Regional Connections:** Lines connecting to neighboring voivodeships and countries, such as the border with Poland and the connection to the Ukrainian railway network.
